

ReidQuantum

## Who we are....

Established in 1994 Reid Quantum is an expanding practice building a reputation based upon the provision of high quality advice and services within the Building and Civil Engineering sectors of the Construction Industry.

Reid Quantum is a leading Scottish company working predominantly with a large range of blue chip clients. We continually strive to build and maintain close client relationships, ensuring we understand our clients needs and consistently provide them with the highest standard of service.

## What we do....

We believe that the ability to combine knowledge of Quantity Surveying, Construction Law and Legal Procedures with that of the Civil Engineering and Building Industry enables us to offer a unique and beneficial service to our clients. Our core services are:

- Contractual claims and dispute resolution
- Quantity Surveying
- Commercial Management

Drawing on our extensive background the experienced staff at Reid Quantum undertake a number of specialist tasks. Quantity Surveying, Cost Control, Contractual advice, Drafting Contracts, Claims Preparation/Investigation and Commercial Management, across the whole range of sectors in the Construction Industry including:

- Civil Engineering
- Building (new build and refurbishment)
- PFI Projects (Building & Civil Engineering)
- Design and Build
- Management Contracts
- Mechanical and Electrical
- Maintenance and Measured Term Contracts
- Process Plant Installation

## Reid Quantum Northern Ireland

In January 2008, we have taken the exciting step of starting a new company in Northern Ireland to meet the demand for commercial and contractual assistance.

Tasked with meeting this challenge is John McSorley, a director of the new company and although based in Belfast shall carry out commissions throughout Northern Ireland.

John has worked with the company throughout Ireland for over 3 years and in his new role shall be responsible for the management and development of the full range of Commercial Services in Northern Ireland.

## Our experience....

Reid Quantum offers the market place a wealth and depth of knowledge and experience; collectively over 500 years.

Our involvement in a wide range of building and civil engineering projects throughout the UK and Ireland ensures that we are equipped to handle all commercial and contractual eventualities.

## We have been involved with:

- **Roads:** M74 and M77, Scotland. M50, N3 and N4, Ireland
- **PFI Schools:** Glasgow, East Renfrewshire, South Ayrshire, South Lanarkshire,
- **Hospitals:** Hairmyres, East Kilbride and Stobhill, Glasgow
